One to One Life Coaching programme

Social & Community *IMPACT*

Personal development – improving our ways of thinking and how we see things, enables change in our wellbeing and creates positive choices.

By people gaining work, we see:

A saving in benefits / An increase to personal income

Increased spend in the community / Growing economy

Reduced crime / Anti social behaviour

Higher confidence & wellbeing / Increasing positive choices & Improved health / A sense of purpose and vision.

Foodbank

DoorWays offer foodbank vouchers, to all ages who are in need; pop in and chat, we are here to serve.

What's NEET About Not being in:
Employment
Education or
Training?

I get to stay in bed all day – Nothing to get up for.
Spend time with my friends – but I have no money.
Hours on my Xbox – I have all the cheats.
Can't imagine any different.?

DoorWays work with young people helping them overcome barriers, enable change and move into education, training, employment or volunteering.
